List looks ok. Descriptions probably too long despite the admonitions. and Gold King Mine should be on the list, though no explanation required. I would just say EPA is responding to the GKM spill. Thanks Rebecca.

Hi Joan,

Want to give them a quick look-see before I send to HQ? I am proposing cutting some of these down a bit (red-lined). And I removed the WY one – it didn't seem "hot" to me.

Let me know what you think. They were due today, but I already warned HQ that I would be late.

Thanks,

Rebecca
